## Declaration of Conformity

scansteel foodtech manufactures a range of OEM parts according to EU standards.

EEC Directive 1935/2004 of the European Parliament dated 27/10/04 in relation to food contact materials/surfaces.

The material: stainless steel AISI 304 18/8, AISI 316, D2 and hardened alloy tool steel are used in our OEM products and are not harmful to human health if used in the correct manner.

Best Regards,

Henrik Sandberg

CEO, Owner
